JULIEN DAGENAIS, M.D. AND CHRISTOPHER DRU, M.D., JOIN THE UROLOGY CENTER OF COLORADO

-Both Physicians Are Urologists and Robotic Surgeons -

Denver, Colo. – September 21, 2018 – The Urology Center of Colorado ([TUCC](#)) is pleased to welcome two outstanding new physicians. With the addition of Julien Dagenais, M.D., and Christopher Dru, M.D., TUCC will have 18 physicians and 4 advanced practice providers and remains the largest urology group in Colorado.

[Julien Dagenais, M.D.](#), completed a Fellowship in Advanced Laparoscopy and Robotic Surgery at the Cleveland Clinic's Glickman Urological and Kidney Institute, where he graduated with honors and was awarded an Excellence in Teaching Award. Prior to his fellowship, Dr. Dagenais completed his urology residency at the Brigham and Women's Harvard Program in Urology. His internship in general surgery was completed at the University of Washington Department of Surgery.

Dr. Dagenais earned his medical degree at the University of Maryland School of Medicine, graduating Cum Laude. His Bachelor of Science degree is in Neurobehavioral Biology from Emory University where he graduated Summa Cum Laude. His specialties include: minimally invasive (da Vinci robotic and laparoscopic) kidney, ureteral, bladder, and prostate surgery, urologic oncology, reconstructive surgery for ureteral stricture disease, prostate enlargement, male incontinence and impotence, and men's health.

[Christopher Dru, M.D.](#), completed his Urology Residency and Research Fellowship in Urologic Oncology at Cedars-Sinai Medical Center in Los Angeles, CA. In addition to general urology, he has specialized training in da Vinci robotic surgery, kidney stone disease, urologic oncology, female prolapse/incontinence, BPH, and endourology.

Dr. Dru earned his Doctorate in Medicine at Loyola University Chicago Stritch School of Medicine. He has a B.A. in Chemistry from the Honors Program at the University of San Diego where he graduated Summa Cum Laude and Phi Beta Kappa.

“We are very excited to continue growing The Urology Center of Colorado and offering patients premier, comprehensive urologic care for the Rocky Mountain Region,” states Dr. Juan Montoya, President of TUCC. “Dr. Dagenais and Dr. Dru sub-specialize in high-demand areas and they align closely with TUCC’s mission to provide excellence at every encounter.”

Both Dr. Dagenais and Dr. Dru are now seeing patients at TUCC. To learn more about TUCC physicians or services, please visit <https://www.tucc.com/> or call 303.825.TUCC (8822).

About The Urology Center of Colorado

The Urology Center of Colorado (TUCC) is the only comprehensive urology center in the Rocky Mountain region providing treatment for all urologic conditions at one locations. TUCC includes: a state-of-the-art urology clinic; radiology, laboratory and pathology services; on-site radiation therapy; a comprehensive urologic cancer center; a clinical research department and a full-service outpatient ambulatory surgery center. www.tucc.com
